

# IT IS SAFE TO TALK

It is **NOT OK** to expose yourself or reveal private body parts.

While you are in our care we want you to feel safe. If you feel uncomfortable about the way someone is behaving or because of something they said, please tell a member of staff.

It is important to report any unwanted attention from another service user, visitor, friend, family or staff member.

We are here to help you.

**Contact PALS** (Patient Advice and Liaison Service):  
**01392 675 686** or talk to a member of staff
