

Towards a recovery community

Join Recovery Devon in
sharing ideas on - how to
create opportunities for
mental health recovery for
ourselves and for others.

As part of our Development Fund launch
2018, we want to see how recovery
projects are created.

How do you go from an idea to a working
recovery project or workshop?

How do you get people involved, to help
with or be helped by your project?

How can you get involved by joining or
supporting a project?

We will have people from the Lived Experience Advisory
Panel (LEAP) and project leads from the Recovery Devel-
opment Fund. There will also be former participants.

You are welcome to invite anyone who has knowledge or
skills to share in providing recovery related work.

Everyone will be there to share their stories, knowledge
and resources to help create opportunities for recovery.

BE
THE
CHANGE
THAT
YOU
WISH
TO
SEE
