

Invitation to the launch of **Together**

Wednesday 19 April 2017

10am to 4pm

at Buckfast Abbey, Buckfastleigh

Chair: Liz Childs, Non-Executive Director,
Devon Partnership NHS Trust

Lunch is provided

Devon Partnership NHS Trust is committed to working with people with lived experience of mental health and learning disability, their carers and families, and our local communities. The Together programme aims to ensure that our services are shaped by the voices of people who use them and those who support them. Our launch is designed and led by people with lived experience, their carers and families.

We are bringing Together local people, staff and local health and social care organisations to hear stories and talk about a wide range of issues.

We will work Together to develop our strategy for user and carer involvement.

Please come along and help shape our services for the future
